Baron and Baroness’ message

From the thrones of the Barony of the Isle of the Sleeping Dragon, we, Reinhart and Leana, stand with hearts filled with pride as we bring news of their Majesties proclaiming our heirs, Mistress Silah and Lady Cacht'Mhòr. The time will soon come for us to pass the torch, and we do so with a deep sense of confidence in the bright future that awaits our beloved Barony.

Mistress Silah, with her grace and intellectual prowess, embodies the very essence of our ideals. Her dedication to the arts and sciences, as well as service, has been a constant source of inspiration, marking an incredible quiet strength, and her commitment to the events of our Barony promises to elevate the Isle of the Sleeping Dragon to new heights.

Lady Cacht’Mhòr, fireless companion since the beginning of our journey, takes her place as the heart and soul of our community. Her unwavering commitment to organizing events and promoting a sense of belonging has created bonds that will endure long after our departure. Lady Cacht’Mhòr’s passion for service and her inclusive spirit ensure that the flame of camaraderie will continue to burn brightly in our dear barony.

We are filled with joy, knowing that the barony is entrusted by Their Majesties to such capable and virtuous women, and we thank all who have contributed to making this a reality.

As we reflect on our time as guardians of the Isle of the Sleeping Dragon, we are grateful for the memories we have shared, and the bonds forged. The tapestry of our barony is woven with threads of valor, creativity, and friendship. Now, as we are about to entrust the future to Mistress Silah and Lady Cacht'Mhòr, we do so with the utmost certainty in their ability to guide and nurture our beloved community.

May their reign be marked by prosperity, unity, and the continued flourishing of the ideals that make the Isle of the Sleeping Dragon a beacon within the vast landscape of the SCA (Society for Creative Anachronism)!

As we prepare to step aside for the future, we do so with gratitude and pride, knowing that the legacy of our barony is in capable hands and ready to serve with enthusiasm.

Mistress Silah and Lady Cacht'Mhòr, may your time as heirs be filled with joy, success, and the indomitable spirit that defines our noble barony.

Yours forever in service and in love,

Reinhart & Leana

Message from our future Baronesses

Sile and me just happened to receive a missive from Odin's crows informing us that we will be the next heiresses of our beloved barony.

We are truly honored and proud to have the utmost trust demonstrated by our Majesties.

To you, citizenry, we desire to become the eyes, ears and voice within the kingdom. We are delighted at the idea of a discussion concerning the vision of our future barony.

Mistress Sile
Thl Cacht Mhòr

New Tir Mara Senechal

The East Kingdom announced their new Tir Mara Senechal and we are pleased to let you know that Leana Doucet is stepping into the position right away! We are all convinced she'll do a great job! Congratulations Leana!

East Kingdom update to fencing rules

Greetings East Kingdom fencers,

Please find attached a link to the latest update to the East Kingdom Fencing rules.

<https://docs.google.com/.../15BQ8gTh.../edit...>

Included in the changes are all of the Society rule changes and two EK specific rule changes as well.

A basic summation of the changes (this is not exhaustive, please read them)

1. We have changed the minimum age for fencing in the Kingdom to 16. 16 and 17 year olds may now fence with adults with Parental permission and a signed Society Waiver. They must mark their primary hand glove with a large yellow diamond so that they can be easily identified on the field. With this change we have removed the experiment for same.
2. Flexidaggers have been removed from the legal blade list. I will be sending out a separate email to delve further into this.
3. We updated the armor standards to incorporate most of the Armor experiment for heavy rapier. The only part was not made the new society standard is the lower Torso requirement. This will maintain as an Eastern experiment. (There will be a new society wide C&T experiment for the entire experiment in that form)
4. Metal spears have officially been removed from the rules and only rubber spear heads are now legal.
5. We changed how authorizations work. Now one of the two authorizing marshals must have the weapon form being tested for. They must be the fighting marshal for the test. This allows non-fighting marshals to help keep their groups active and growing.

Please spread this far and wide so that word spreads as fast as possible.

Thanks in advance

Don Griffith Davion
